Objective of the Foundation

The aim of the foundation is:

to preserve and promote the solidarity between people bearing the family name of Somsen, those who are/were related to them or those who are interested in them.

The foundation will try to achieve this object for example by:

- doing historical research into the family history and the history of the region
- collecting documentation and genealogical data
- keeping and taking charge of a family archive and data bases
- publishing a periodical
- providing information to persons, institutions and official authorities
- organising activities so as to realise the object of the foundation.
