

FAMILY ANNOUNCEMENTS

In this column we would like to draw your attention to the family announcements that have reached us. We are very much pleased to present them to you and are grateful to everybody who took the trouble to inform us about the merry and sad events in their and our family.

*This also enables our advisor Dick Somsen from Zwolle to keep our genealogical files up-to-date, so that we, in turn, can inform you in **Somsen Horizon**.*

We really appreciate it very much that you send in your family announcements to our secretariat:
